

Ormiston Beachcroft Academy Sports Premium 2025 - 2026

PE Sport Grant Award		Academic Year: September 2025 – August 2026		
Total amount of PPSG Received		£9,000		
Objectives of spending PPSG: • To increase external provision within the PE curriculum • To increase external provision for extra-curricular activities • To broaden the sporting opportunities and experiences available for all pupils • To develop a love of sport and physical activity • To improve the physical and mental health and wellbeing of children				
Item/Project	Cost	Objectives	Outcomes	Evidence and impact
Sporting and Games equipment	£2,200	To encourage and develop healthy, active lifestyles through being active at lunchtimes. Provide opportunities for children to further develop their skills and understanding in PE with specialist sports equipment such as dodgeball, basketball, and table tennis.	All children from year 1 to year 6 had opportunities to develop their fitness and skills through supervised activities, enrichment, and core PE lessons.	PE equipment updated and used regularly. This improved lesson quality and engagement due to better resources.
Swimming	£800	To ensure all learners reach the national curriculum swimming requirements by Year 6	All pupils accessed swimming lessons led by qualified instructors	All Year 6 learners met national swim requirements. Regular swimming exposure increased water confidence for others.
Minibus lease/purchase	£3,000	To provide access to off-site PE activities, promoting the use of external facilities and increasing motivation through varied environments.	Pupils were motivated to participate in sports, knowing there were opportunities for external trips. They experienced structured activities in professional environments.	Learners attended several external sporting events. These were positive experiences that supported personal development and social interaction.

PE and playground equipment	£2500	Develop and add to play/lunchtime activities as well as KS4 Sports accreditation that we offer through new sporting equipment.	All pupils take part in daily play, which increases enjoyment of sport and fosters teamwork and resilience.	Learners will be able to further develop their skills in new sporting activities. Learners can exercise, encourages movement and in some cases stretching and strength to support their physical development. The children develop a love of sport/games and a desire to continue. Motivation for these high needs children to be engaged and feel valued by others.
Sports Day	£500	To celebrate physical activity and promote whole-school participation in a competitive but inclusive environment.	All pupils took part in Sports Day, which increased enjoyment of sport and fostered teamwork and resilience.	High levels of participation and enjoyment observed. Feedback from staff and pupils indicated strong engagement and improved confidence.
Summary				
Total PPSG received		£9,000		
Total PPSG expenditure				
Evaluation PPSG has had a substantial impact on pupils’ engagement in physical activity. We have broadened the sporting opportunities available, particularly through our partnerships with external providers and use of professional equipment. Participation levels increased, especially among our most vulnerable pupils and those with high needs, many of whom benefited from increased physical activity and structured sporting experiences. PPSG expenditure enabled the academy to broaden the sporting opportunities available for all pupils. As a result of the funding we have an increased level of participation in sporting activities with pupils developing a love of sports and physical activities. The grant has also benefitted some of our most vulnerable pupils, including those high need pupils. These pupils have been able to increase their participation and as a result this has improved their physical activity levels.
