[OAT] Ormiston Academies Trust
AN OAT ACADEMY

Frequently asked questions (FAQs)

1. **What is being proposed?**

The proposal is to extend the age range of Ormiston Latimer Academy from 11-16 to 5-16, enabling the current Oak Wood Primary Satellite Provision to become **Ormiston Latimer Academy Primary** and operate as part of a single specialist academy serving pupils across both primary and secondary phases.

2. **Why is this change being proposed?**

The proposal is intended to strengthen specialist provision within the borough by creating a more coherent educational pathway for pupils and families, improving continuity between primary and secondary phases, and supporting the long-term sustainability of local specialist provision.

3. **Will the Oak Wood provision close?**

No. The provision will remain open and continue to operate from its current location. The proposal relates to leadership, governance and the future identity of the provision rather than its closure.

4. **Will children have to move school as a result of these proposals?**

No. Pupils currently attending the provision will continue to access education at the same site and will continue to receive the support and specialist provision they currently benefit from.

5. **Will there be any changes to staffing?**

There are no proposed changes to staffing arrangements as a direct result of this consultation. Any future staffing decisions would be subject to normal employment processes and consultation where appropriate.

6. **How will pupils benefit from the proposal?**

The proposal will create a clearer pathway from primary through to secondary specialist education, improve continuity of support, strengthen local accountability and help ensure specialist expertise is shared across the age range.

7. **Will my child's education or support change?**

No immediate changes are proposed to pupils' day-to-day education, support, care or specialist provision. Pupils will continue to receive the high-quality provision currently in place.

8. **Will the school's name change?**

If approved, the Oak Wood Primary Satellite Provision will become **Ormiston Latimer Academy Primary**, reflecting its integration into Ormiston Latimer Academy.

9. **Why is it beneficial for primary and secondary provision to be part of the same academy?**

Bringing primary and secondary specialist provision together within one academy allows for greater continuity, stronger curriculum alignment, smoother transition arrangements and a more consistent experience for pupils and families.

10. **Will the proposal affect admissions arrangements?**

The proposal is not intended to change the specialist admissions criteria for pupils accessing the provision. Any future changes to admissions would be subject to the appropriate statutory processes.

11. **How does this proposal support children with SEND?**

The proposal supports wider SEND priorities by promoting inclusion, strengthening early intervention, improving continuity of provision and increasing local specialist capacity within the borough.

12. **Who is leading the proposal?**

The proposal is being developed in partnership with the Royal Borough of Kensington and Chelsea, Ormiston Academies Trust and Ormiston Latimer Academy to strengthen local specialist educational provision.

13. **When is the consultation taking place?**

The consultation will run from **Monday 23 November until Sunday 13 December**. During this time parents, carers, staff and other stakeholders are encouraged to share their views.

14. **How can I provide feedback?**

You can:

- Complete the online consultation questionnaire.
- Complete a paper consultation response form.
- Submit comments via the consultation email address provided on the consultation webpage.

15. What will happen to the feedback received?

All responses received during the consultation period will be reviewed and considered before any final decision is made regarding the proposal.

16. When will a final decision be made?

Following the close of the consultation period, feedback will be reviewed and considered as part of the formal decision-making process. Stakeholders will be informed of the outcome once a final decision has been reached.

17. Where can I find more information?

Further information, including the consultation proposal document, frequently asked questions and consultation response form, can be downloaded from the consultation webpage.

18. What is the long-term vision for the provision?

The long-term vision is to create a fully integrated local specialist academy serving pupils from primary through to secondary age, strengthening educational pathways, enhancing collaboration and supporting better outcomes for children and young people with additional needs across the borough.
